

Kanu Kapers

Noosa Everglades Kayak Tours

Family owned and passionately operated by a local Australian gold medallist, Kanu Kapers use top of the range locally handcrafted sea kayaks for their one day and overnight tours of one of only two Everglades in the world.

The pristine Noosa Everglades wilderness is a unique place of serene natural beauty, bursting with rare bird and plant species. The Kabi Aboriginal tribe once graced this ancient land. Exploration by kayak allows for full immersion in the wilderness and a feeling of being at one with nature which can be rare to find.

Kanu Kapers are proud to be the only Everglades kayak company partnering the UNESCO Noosa Biosphere.
