

Aussie Beach Tours

Hop in and let a local take you on an off-roading adventure exploring some of the best-kept secrets in Australia! You'll experience the region's top natural attractions including the oldest sand-growing rainforest, one of the world's most complete coastal dune systems, one of the first lighthouses on the east coast, and tea-tree infused creeks and lakes that leave you feeling refreshed and rejuvenated.

You'll learn about the rich cultural heritage, ecology and geology of the region and it will be at least 10 times more fun than that sunburn you'll get lying on the beach all day. Plus - you get to see the sights, have some laughs and leave with loads of amazing photos and memories.

Tour includes: Full day 4WD tour from Noosa to Rainbow Beach, personal introduction to the coloured sands of Rainbow Beach, exclusive drive to the top of Double Island Point Headland Lighthouse, learn to surf or SUP, swim in the Pacific Ocean and Seary's Creek.
